Premium Meter Box Ground Clamps

Features

- Quick and easy to install, requires no extra preparation or cleaning of the meter box surface
- Penetrates through most surface conditions
- Corrosion resistant stainless steel mounting stud with stainless ground screw
- Ground wire can be attached and removed without loosening the clamp
- UL® Listed
- Will not interfere with meter box cover
- Constructed from special high carbon spring steel
- Powder coated for extra corrosion protection
- Includes separate screw for attaching #14 to #6 AWG stranded or solid ground wire to the clamp
- Installs easily with a ½" hex drive wrench; a ⅜" hex drive wrench is used to set the ground screw
- Lightning surge tested to 1,500 amps of current for 6 seconds

Application

The Premium Meter Box Ground Clamp is a corrosion resistant clamp, engineered to provide an electrical ground connection to a meter box without the need of a ground rod, ground rod clamp and long ground wire runs.
